**World leading supplier**  
of Lead Sheathing Equipment to the cable industry!

*Design  
for new  
possibilities!*

## The Cable Sheath Stripping Machine

*"The machine was initially designed for removing lead sheath from Rubber Cables and Rubber Hoses. Today the Cable Sheath Stripping machine is generally used for several types of cable and materials".*

With over 50 years of experience and product development, HFSAB is the only company with the ability to successfully commission, service and support of the Cable Sheath Stripping machine.

The sturdy and simple design will ensure an easy and trouble free operation for many years.

### Specifications
